Liability Insurance and to name Competitor Group, Inc. as an Additional Insured to the policy.

To enter the hall, simply identify yourself as an exhibitor to the security guard. **To avoid theft, badges must be worn during all hours when the hall is closed to the public, especially during setup and move out. During show hours, wearing the badge is optional.**

BOOTH FURNISHING

Each 10'x10' booth is furnished with one 6' black draped table, two chairs, carpeting, a wastebasket, pipe and drape. If you would like any additional furnishings, you can rent them from GES.

BOOTH APPEARANCE

- Displays and merchandise should have a neat and professional appearance consistent with the quality standards of the Colorado Convention Center and Competitor Group, Inc.
 - For example, handwritten signs or the use of cardboard cartons for display fixtures are not permitted
- Merchandise should be displayed in appropriate display containers, and not simply piled on tables
- There should be no overflowing trash visible in your booth

BOOTH DISPLAY HEIGHT

- Maximum height for all booths is 8 feet. Display fixtures, signs or merchandise may not be placed above the standard 8' height of the booth backdrop (10' for constructed displays)
- Maximum height for constructed displays may extend to 12 feet only with prior approval from show management
- Tents may be used if they do not block visibility of adjacent booths. Fire Department regulations also require that they be made of fire-retardant material, and exhibitor must have available at the expo a document certifying that the tent fabric is fire-retardant
- Only major event sponsors may hang banners or fixtures from the ceiling

JANITORIAL SERVICES/BOXES/TRASH

- Show management provides aisle cleaning only - additional janitorial services, including booth vacuuming, are available at exhibitor's expense through GES.
- Companies sampling food or beverage must arrange for porter service through GES.
- During show hours, exhibitors who have not ordered porter service must empty their wastebaskets in the dumpster provided, and **not** in the public trash bins
- Please break down your boxes before discarding them - Thank you!

YOUR PROMOTION AND YOUR NEIGHBORS

Competitor Group, Inc. strives to offer all exhibitors the conditions most favorable to promoting their products or services. Therefore we ask that all aspects of your promotion be limited to your booth area, so that you do not interfere with your neighbors' ability to attract and speak with expo attendees. For example, **loud music or flashing lights** intrude on neighboring booths, and are prohibited. Similarly, if your promotion attracts long lines that block access to neighboring booths or clog the aisles, we will ask you to limit or suspend some aspects of your promotion. This frequently happens with **wheels to spin for prizes**.

FREIGHT & LABOR

The Colorado Convention Center does **not** require the exclusive use of union labor. However, experienced labor is available through GES for drayage, freight, decorating services, booth installation and dismantling, etc. Please see the GES Exhibitor Kit for price lists, order forms, and other information.

Advance Shipping

- The Colorado Convention Center will not accept advance shipments. All advance shipments must be sent to the GES warehouse by Friday, October 10th.
- Freight shipped in advance to the GES warehouse will be delivered directly to your booth prior to setup hours on Thursday, October 16th. Using this service avoids lines at the loading dock and ensures early delivery of freight to your booth, so we encourage you to consider this option.

Arriving Freight

- Please label all freight clearly with your Booth Number, c/o GES, and "Rock 'n' Roll Denver Health & Fitness Expo." For specific labeling instructions, please see the GES Exhibitor Kit.
- If you are shipping freight directly to the Expo, please note that deliveries will only be accepted during expo setup hours (see above for setup hours).
- The Colorado Convention Center **will not** accept and store deliveries before this time.

Drayage (moving freight between your vehicle and your booth)

- Please see your GES Exhibitor Kit for more information. If you are bringing freight to the expo, please note drayage charges by weight for larger quantities of materials.

Return Freight

- All materials must be removed from the hall by 10pm on Saturday, October 18th.
- The Colorado Convention Center will not hold materials for a later pick-up.
- GES representatives will be on site to assist exhibitors with return freight.

SAMPLING OF FOOD & BEVERAGES

- The Colorado Convention Center does not permit exhibitors to sell food and/or beverage.
- **All sampling vendors will need to submit a sampling form to Centerplate with the Colorado Convention Center.**
- Exhibitors sampling food or beverage **must** order porter services through GES.

SECURITY

- Twenty-four hour security service is provided by the Expo. Although we cannot guarantee the security of articles left in your booth overnight, we have enhanced security with this policy: When the Expo is closed, no venue or exhibitor personnel will be allowed in the exhibit areas unless accompanied at all times by Security.
- We suggest that you take small valuables with you at night.

STORAGE OF FREIGHT AND EXHIBIT MATERIALS

- Your freight and exhibit materials must be stored within your booth.
- The Colorado Convention Center has no facilities for secure or open storage space before, during or after the Expo.
- If you have special storage needs, please contact Lauren **before** the Expo.

AISLE SAFETY

Fire Department safety regulations require that aisles be kept clear at all times. Please be sure that your table and other booth furnishings do not go past the **edge of your carpet**. We must ask that your promotions remain within the confines of your booth. **Please do not leaflet or distribute products in the aisles or near the doors.**

HELIUM BALLOONS

Helium-filled balloons may not be given out to expo visitors, or used for booth decoration.
